Cost Accountant – Brewpoint (Brewery)
Wells & Co. Bedford – To £40k

About the role:

Wells & Co are currently going through an exciting Business Change programme bringing in opportunities for Significant Expansion in our Pubs Division as well as building a new state of the art Brewery in Bedford.

As our Brewery Management/Cost Accountant, you will be involved throughout the build phase of the Brewery and will have responsibility for developing our ERP system. You will also need to take ownership of Standard Costs and Budgeting and Forecasting.

This role will be a key member of the Commercial Finance Team but will also work closely with our Brewery Management Team and shall have the chance to develop a working understanding of the Brewing processes.

Key areas of responsibility include:

Management Accounting for the Brewery Operations and Commercial Teams

Budgeting and Forecasting for the Brewery

Design, Testing and Training for the Production Elements of Microsoft Dynamics ERP

Ownership of the Standard Costing Models

Ownership of Stock Set up for Third Party Products and reconciliation of pricing

Other ad-hoc support within both the Finance and Brewing teams, as required

What essentials we are looking for:

Actively studying toward CIMA or ACCA combined with a background that includes Management Accounting

You will have strong attention to detail and be confident in communicating with non-finance colleagues and the board.

Should have a strong systems background and ideally worked on Navision and/or a ERP systems implementation project

Time Management and Workload Planning Skills (essential)

Strong "can do" attitude excited about being a part of a changing and evolving culture

Highly organised and methodical in delivering a service with a high level of attention to detail

In return:

- Competitive salary
- 25 days annual leave + bank holidays
- Private medical health care
- Group personal pension plan
- Life assurance
- 25% off dining
- Retail discounts
- Career progression
